## WETS CAPTURE GREAT VICTORY IN NEW YORK CITY

### Government Places All Mail Trains Under Heavy Guards

#### MARINES WILL WORK WITH INSTRUCTIONS TO SHOOT TO KILL

(By Associated Press)  
WASHINGTON, D. C., Nov. 9.—With the declaration of "open warfare" by the postoffice department on bandits responsible for the starting series of mail robberies, 1000 United States marines are stationed in offices in 15 cities. They will be armed with pistols and sawed-off shotguns and are under orders to shoot to kill if necessary to prevent looting of the mails. By tonight, Major General Lejeune, marine commandant said, practically all trains in the country carrying valuable mails will be under guard.

#### BETTS IS LOUD IN PRAISES OF NEW DISTRICT

Royston is the coming big mining camp of Nevada, and that means the world," remarked D. F. Betts, who is in town from the new camp for the first time in over a month. Mr. Betts is the man who is largely responsible for the great popularity that is manifesting itself in the San Antonio district, and came to town for the purpose of personally supervising the mining of the 10 tons of ore that were delivered yesterday to the MacNamara mill from the lease he and his associates are operating on the Golden Eagle claim owned by the Halston Mining company.

"I have been through all the mining booms of the west for the last two score years," continued Mr. Betts, "but I have never seen anything that equals Royston, so far as surface showing is concerned. I feel confident that the ore shoots will be found to be persistent at Royston, and never before did I witness so much real mining activity as at our camp. It is not a case of sell, but, on the other hand, it is a case of 'buckle up' and the results that are forthcoming are more than up to expectations. I am satisfied with the showing and resultant developments upon the lease in which I am interested, and while scores of people are interested in different locations and leases with reports that they have uncovered something worth while, I am speaking wholly for the entire district which, I believe, will develop into one of the greatest mining sensations that has been called to the attention of the public since the boom days of Tonopah and Goldfield. We have a lively little mining camp, and we are going to grow to maturity at a lively rate and the infant you see today will be full grown before the story can be told."

#### NO SUBSTITUTE TEACHER WILL BE PERMITTED

Teachers' institute for the Fifth district will be held at Las Vegas November 15 to 18 inclusive. Owing to the heavy expense to the school district the board of trustees asked that the majority of Tonopah teachers be excused from attendance. This was arranged when Miss Frazier made her official visit to Tonopah a short time ago. The expense of sending all teachers to Las Vegas would cost the district approximately \$1400, while under the present system there will be saved about \$1200.

Miss Frazier desired that teachers attending come prepared to do demonstration work and with this understanding the following teachers will attend: Miss Anne E. Bradley, high seventh grade; Miss Lela Halsell, high fourth grade; Miss Mary Ford, of the music and art department, and Walter W. Anderson.

State Superintendent W. J. Hunsing, Professor F. W. Trainor of the University of Nevada, and Mark Keppel, county superintendent of Los Angeles county, are among the speakers. The A. N. Palmer company will send William L. Nolan as their expert representative to give instruction in penmanship. Miss Mary Concannon will speak on the plans of the Junior Red Cross.

There will be no substitute teacher employed as a result of the Tonopah teachers being in attendance upon the institute.

#### SILENT MAN IS ELECTED MAYOR BIG OHIO CITY

(By Associated Press)  
CLEVELAND, Ohio, Nov. 9.—Conducting his campaign without the backing of an organization, and without making a speech, Fred Kohler, former chief of police here, reached the height of his ambition when he was elected mayor of Cleveland yesterday over William S. Fitzgerald, Republican incumbent, and five other candidates. Complete official returns gave Kohler a plurality of 4190 votes. Kohler was dismissed as chief of police in 1913 on charges of conduct unbecoming an officer filed by former Mayor Newton D. Baker.

#### PREMIER CRAIG GIVEN SUPPORT BY ULSTERITES

(By Associated Press)  
LONDON, Nov. 9.—Ulster cabinet representatives here unanimously approved the "firm attitude" which Sir James Craig, Ulster premier, has maintained in the interest of Ulster in conferences with Premier Lloyd George.

#### RAILWAY WAGE WILL BE CUT SOUTH STATES

(By Associated Press)  
CHICAGO, Nov. 9.—The rate of pay for virtually all classes of railroad employees on the New Orleans & Great Northern railroad was cut in a decision of the United States railroad labor board to the scale existing March 1, 1920. The decision said the road was not a party to the case involving the recent wage decrease of July 1 last. The wage cut announced today, going further than the one ordered last July, would take away the increase granted to railroad employees in May of 1920.

#### SOUTH DAKOTA SOLON ROASTED RESULT CHARGE

(By Associated Press)  
WASHINGTON, D. C., Nov. 9.—Representative Johnson of South Dakota, former army officer, declared in the house today that while he had no substantiation of the charges, he "had reason to believe that soldiers who were traitors and cowards or mentally unfit were shot by their own comrades while facing the enemy." The statement was hotly denied by Bulwinkle, of North Carolina, also a former officer, who declared he would not permit Johnson's statement to go unchallenged.

#### NOMINATION CONFIRMED

(By Associated Press)  
WASHINGTON, D. C., Nov. 9.—The nomination of Rabbi Saul Korinfeld, of Ohio, as minister to Persia, was confirmed by the senate today.

## OIL POSSIBILITIES FISH LAKE VALLEY GOOD, SAYS BALLIET

Letson Balliet, well-known consulting engineer, who has made an extensive research of the oil possibilities in Fish Lake valley, has furnished the Bonanza with the following report, which will no doubt prove of interest to all interested in that section:

"Summarizing the data of my report on the Fish Lake valley, in Esmeralda county, Nevada, as an oil basin, and pointing out briefly the salient and fundamental conditions, which would be of interest to the layman, I submit the following:

**Reasons For Oil Basin.**

"The elevation or buckling of the Sierra Nevada mountains made two slopes or drainage inclines, one to the west and one to the east. On the western slope, in Fresno and Kern counties, California, oils have been found. If the conditions were the same before the Sierra uplift, and if they have been the same since, we can expect to find oil upon the eastern slope as well as upon the western. However, this one condition alone would not be enough if other conditions did not also offer favorable indications, but the question of drainage, if it was not favorable, might upset all the others and play an important part in deciding the location of oil deposits.

"Underneath more than 300 square miles of the Fish Lake basin many competent geologists believe there will be found deposits of oil. One shallow well, drilled some years ago, showed an oil seepage which gave encouragement to further prospect-

#### OILY STUFF GETS VOTES OF WOMEN OHIO TOWN

(By Associated Press)  
YOUNGSTOWN, Ohio, Nov. 9.—A man who has lived in Youngstown only three months, whose platform provided for discontinuance of the street car service, turning the streets over to jitney buses and for jailing of any citizen who paid taxes under the recent revaluation, was yesterday elected mayor over the candidates backed by the major party organizations. He is George L. Oles, who came in from the country, established his residence in a hotel and carried on an eccentric advertising campaign without support of any particular element or organization. Other "planks" in Oles' platform included permitting "spooning" in the city parks under police protection, dismissing the entire police force if it "doesn't mend its ways" and promises to turn over his salary to charity. The women's vote is believed to have been responsible for Oles' election.

#### NEGRO WOUNDED IN ATTEMPTED HOLD-UP

(By Associated Press)  
CHICAGO, Nov. 9.—Arthur Moon, negro Pullman porter on the New Orleans limited of the Illinois Central, was wounded in a hold-up of the train Monday night, and died last night.

#### PACKING HOUSE EMPLOYEES WILL GET LESS PAY

(By Associated Press)  
CHICAGO, Nov. 9.—A general cut in wages of packing house workers was forecast when four of the big five packers—Armour, Swift, Wilson and Cudahy—requested their employees to consider in their plant councils the reduction in pay to be made effective soon. Officials said the conferences had not determined the size of the reduction to be sought. The Amalgamated Association of Meat Cutters and Butcher Workmen's union of North America recently authorized a strike.

#### 'BIG TIM' WAS FOUND GUILTY MAIL ROBBERY

(By Associated Press)  
CHICAGO, Nov. 9.—"Big Tim" Murphy, union leader and former state representative, alleged gunman, was found guilty by a jury in Judge Landis' court of plotting the \$350,000 mail robbery at the Dearborn station last April. Vincenzo Cosmano, union president and protégé of Murphy, and Edward Geirum, alleged driver of the bandits' car, with Paul Volanti also were convicted.

#### MAYOR HYLAN AGAIN SELECTED TO GUIDE LAW-ABIDING PEOPLE

#### ARMISTICE DAY LEGAL HOLIDAY PROCLAMATION

Friday, November 11, has been designated a legal holiday by Governor Emmet D. Boyle in a proclamation issued on Monday, which reads as follows:

"Whereas his excellency, the president of the United States, pursuant to a joint resolution of the congress, has declared November 11, 1921, a holiday 'as a mark of respect to the memory of those who gave their lives in the late war, as typified by the unknown and unidentified American soldier who is to be buried in Arlington National cemetery on that day, and has recommended to the governors of the several states that proclamations be issued by them 'calling on the people of their states to pause in their usual pursuits as a mark of respect on this solemn occasion';

"Now, therefore, I, Emmet D. Boyle, governor of the state of Nevada, by the authority in me vested, have appointed and do hereby designate and proclaim Friday, November 11, 1921, as a legal holiday throughout the state of Nevada, and I add my own recommendation to that of the president respecting the observance of the occasion. I particularly call attention to the president's proclamation and recommend further that all public and church bells throughout the state be tolled at intervals between 11:45 o'clock a. m. and 12 o'clock noon of the said day, and that from 12 o'clock noon to two minutes past that hour, Washington time, which hour would be 9 o'clock a. m. in this state, all devout and patriotic citizens of the United States indulge in a period of solemn thanks to God for these valorous lives and of supplication for His divine mercy and for His blessing upon our beloved country."

#### MAYOR HYLAN AGAIN SELECTED TO GUIDE LAW-ABIDING PEOPLE

(By Associated Press)  
NEW YORK, Nov. 9.—Democratic candidates, headed by Mayor John F. Hylan, made a clean sweep of the principal city and county offices yesterday, the mayor receiving the unprecedented plurality of 417,956 votes.

Hylan's plurality is the largest ever received by a Democratic candidate in any office in the city, and is comparable only with President Harding's plurality of 428,471 last year. In every borough the coalition candidates went down under an avalanche of Democratic votes.

(By Associated Press)  
NEW YORK, Nov. 9.—One state, Kentucky, has passed from Republican to Democratic control as a result of yesterday's elections. In Maryland the entire lower house of the legislature (and 13 out of 27 members of the senate) were elected and it was believed in Baltimore early today the Democrats had increased their dominating position in both houses. In Kentucky the Democrats regained control of the legislature. New Jersey apparently remained Republican.

Voters of Ohio apparently were heavily in favor of the soldier bonus proposal, announcement being made by Secretary of State Smith that in his opinion it would be carried by 50,000. The bonus proposal would call for an amendment to the state constitution which would authorize issuance of state bonds up to \$25,000,000 out of which Ohio veterans of the great war would be paid \$10 for each month in service, total payments to any man not to exceed \$250.

(By Associated Press)
